

Dear Spa/Salon Owner:

I wanted to take a moment to make you aware of a wonderful new product that I think would be great for your business and for your customers. It's called eyeSlices® Professional and is a unique product invented and manufactured in South Africa.

eyeSlices® Professional are innovative eye treatment pads that combine the natural essence of nature with bio-innovation to bring about an all-in-one solution to all common eye concerns. A global first in cryogel polymer technology, eyeSlices® Professional dermal delivery eye masks reduce the appearance of red eyes, dark circles under eyes, tired eyes, wrinkles and puffy eyes within 5 minutes of use.

eyeSlices® Professional spa and in-home anti-aging eye skin treatments lock in moisture and are unique in that they provide an instant cooling sensation without a fridge and are re-usable!

Available in three convenient configurations, eyeSlices® Professional are beautifully packaged and displayed, convenient and easy to use, have an 'impulse purchase' price point and are only available exclusively through finer spas and salons.

With an attractive and convenient point-of-purchase product stand, each eyeSlices® Professional retail product comes with a reusable clamshell compact to store the gel pads. eyeSlices® Professional can be used multiple times and when it's time to get new ones, your customer keeps the compact and returns for refills!

eyeSlices® Professional Refills contain 24 sachets (each sachet contains two gel pads) of refills for customers who've already purchased the retail product and want new eyeSlices® Professionals for their compact.

eyeSlices® Professional Disposables can be easily incorporated into facials as an extra add-on eye treatment, post permanent makeup applications or as part of a bridal package for an extra special treat for those pre wedding emotional moments. eyeSlices® Professional Disposables are packaged 25 pairs (50 gel pads) in a wall mountable dispenser carton.

You can learn more about eyeSlices® Professional at [www.eyeslicescanada.com](http://www.eyeslicescanada.com) or by calling 1.866.707.1400. I know I will be a regular user of these fine products and I'm certain many of your other customers will as well!

Thank You!
